KMAX 275/70
R22,5

02 GOODYEAR KMAX 275/70 R22,5

This front tyres come to replace the CONTINENTAL RHS front tyres proposed before on the MSI.

Advantages :

- Front tyres with truck profil, perfect for customers with stabilized floor (as tarmac)
- Excellent traction performances
- Slower tyres wear on tarmac than industrial tyres
- Sustainable overtime
- Less expensive to change and easy to get

02 GOODYEAR KMAX 275/70 R22,5
