

# Automation timeline

Why the last 20% delays your ROI

## LogiRobot - 80% automation

ROI after 2-3 years

**Transparent investment**  
Predictable costs  
Fixed scope

**Simple integration**  
Stand alone  
Integrates into existing set-up  
Local Superuser

**Project completed**  
Immediate operational benefits

## 100% automation

**Unpredictable investment**  
VMS, Fleet or ERP integration  
IT resources  
Data structure/restructuring  
Consulting/external resources

**Complex integration**  
IT resources  
VMS, Fleet or ERP restructure  
Infrastructure upgrade  
Dependent on Wi-Fi

**Over budget - under benefit**  
Budget overrun  
Weak ROI  
Delayed operational benefits  
Project cancelled
